

PATIENT RIGHTS

EACH PATIENT IN A HORIZON CORPORATIONS TREATMENT PROGRAM HAS THE RIGHT:

1. To provide consent for treatment. Participation in treatment is voluntary. Horizon's substance use and mental health services are provided under Parts 816, 820, 822 and 599 of the NYS Code of Rules and Regulations.
2. To confidentiality consistent with HIPAA, Title 42, Code of Federal Regulations, NYS Mental Hygiene Law.
3. To a full explanation of the services provided in accordance with their treatment plan, and to know the names of all staff members responsible for their care.
4. To an individually designed plan of treatment including specific goals based on their needs, which the patient has participated in developing to the extent of their capacity.
5. To not be terminated from treatment solely based on their objection to, or disagreement with, any portion of the treatment plan, unless such objection renders the patient's continued participation clinically inappropriate, or endangers the patient's or others safety.
6. To have access to their clinical record consistent with good clinical practice and applicable laws.
7. To receive clinically appropriate care and treatment that is suited to their needs, and is skillfully, safely, and humanely administered with full respect for their dignity and personal integrity.
8. To receive services which do not discriminate on the basis of sex, age, race, religion, national origin, sexual orientation, gender orientation and expression, physical and mental attributes or abilities.
9. To receive services in a way that respects and acknowledges their cultural values, practices, and environment.
10. To an environment that maximizes privacy consistent with the effective delivery of services.
11. To freedom from threats, abuse and mistreatment by employees or other patients.
12. To be aware that Horizon has a policy for the management of clinical incidents.
13. To not receive services by staff members known to be under the influence of alcohol or illicit drugs, or by a previously addicted person known to be experiencing a relapse.
14. To obtain current information concerning their diagnosis, treatment, and alternate appropriate treatments in terms that they can be reasonably expected to understand.
15. To receive services in a physical environment which is safe, clean, reflective of human dignity, and conducive to effective treatment.
16. To receive treatment requiring the approval of a physician only upon written order of a physician based on personal examination.
17. To receive information regarding the risks, benefits, and side-effects of any medication prescribed.
18. To examine and receive explanation of their bill regardless of the source of payment.
19. To be provided a notice of these rights upon admission.
20. To be informed of Horizon's Complaint Procedures, to initiate any question, complaint, or objection accordingly, and to be informed of other resources for assistance regarding their rights, including:
